Hi Lisa,

Attached is the report on our trip to visit oil and gas fields in California for which aquifer exemptions will be submitted. The last page of the report contains notes of the monthly EPA-state call, which we attended on June 21.

Please let me or Anna know if you have any questions or need additional information.

PS. I am off next week, but Anna and Adam are around if you have any questions about the aquifer exemptions work. Michele indicated that she may have the Fruitvale and Tejon packages soon. When we receive these and a TD from you, we will begin work.
